6. REVIEW CITY OF KREBS FINANCIAL STATEMENT WITH MIKE KERN. Page 3 in the Financial Statement for the General Fund. The month of August – Revenues were \$131,083.49 and total Expenses were \$126,546.69. Income was \$4,536.80 for the month of August. One item under the Street Dept Capital Outlay was for the oil distributor. That money can be transferred from the Street & Alley Fund. We budgeted it out of the Street & Alley fund. We are actually going to be ahead about \$20,000. Any questions from the council?
7. PUBLIC COMMENTS, QUESTIONS AND ANSWERS CONCERNING THE CITY OF KREBS BUSINESS. Paul Morgano addressed the council. He received an invoice for fire services from February and March for \$2,100. Questioned why so late. Mrs. Scott answered short-handed in the office and finally got all the bills sent out. Mr. Morgano stated according to the notes the subscription was suspended in 2014 and not approved until October 2015 to be re-instated. I was told by the firemen that you weren't taking subscriptions, that it got suspended. Mr. Walker asked Mr. Morgano if he paid every year? He said I pay every year. Chuck Nelms stated that when we did the Fire Recovery that the ordinance abolished all of the previous ordinances. When you rescinded the Fire Recovery, you never put the other ordinances back in place until later. Mr. Walker ask Mr. Klink if he remembered. Mr. Klink replied he remembered when the council rescinded the subscription but not the dates. The proper course of action since the information that was received was not clear that we should rescind this bill. Mr. Walker stated that since we didn't know what was going on.  
Harvey Bynum addressed the council about a fire that he had and that had gotten away and he called in for Alderson Fire Dept. In Alderson Fire District and I got a bill from Krebs for \$750. Why am I getting a bill from Krebs when I called Alderson? Mr. Walker asked Chuck Nelms if we had an agreement with other fire departments if they need help, they call Krebs? Mr. Nelms stated yes. Mr. Bynum stated that Alderson should be the billing party instead of Krebs. Mr. Nelms stated that if they have a subscription and the person has paid the subscription through them, then the person is exempt from being billed by other agencies because you are doing a mutual aid to that department. If they don't have a subscription through their department then basically it is the same scenario. If they have a subscription and they haven't paid it through them then they are subject to a bill from their department then they are subject to a bill from any fire department. Since the mayor is out of town and we will see what we can do when he gets back. Mrs. Scott asked Mr. Bynum what his phone number – 918-302-8510.

Theresa McCurtain asked what can be done at the school on the highway. Can stop signs or stop lights be installed. It has become very dangerous. Mr. Walker stated she would have to go to the State Department. We tried that once before.
